 Phone

Instructions for Completing the Membership & Dues Transmittal Form

1. Provide local treasurers information as requested.
2. Tally the total number of members by type and enter into boxes in the center of the form under number of members. Then multiply the number of each type of membership times the dues amount and enter the total in the total column on the right hand side of the form.
3. Sum the total column to get the Total NEA/NSEA Dues Obligation and enter that number in the appropriate box as indicated on the form.
4. If any members are contributing to NEA-FUND (NEA-PAC), total those amounts and enter in the appropriate box. This amount should equal the amount of your NEA-FUND Contributors Form.
5. Add the total NEA/NSEA Dues Obligation and the Total NEA-FUND Obligation and enter in the box called Total Obligation. This is the total amount of money, which your local will remit to NSEA for this association year. (EFT Locals stop here and proceed to step 9))
6. Determine how much of the total obligation will be remitted along with this form and enter on payment line #1. The balance owed is the total obligation minus your payment. **Make a copy of this form each time a payment is transmitted. Make sure the form includes your Local Name and Local Accounting Number.**
7. Enter how many installments your balance due will be paid in. **Dues must be remitted within 10 days of payroll.** (See separate Dues Transmittal Agreement)
8. Enter the name of the person who is actually remitting the dues payments.
9. **Send a copy of the completed Membership & Dues Transmittal Form along with the original renewal roster and new member forms to NSEA by September 15, 2015.**

*** A copy of this form can be found at www.nsea.org under Member Info then under NSEA Treasurer's Packet***
