

Governance Review Task Force
Amy Copper, North Platte, Chair

The Government Review Committee met to reflect on the work of the task force and to review the comments from the 2017 Delegate Assembly.

During this time, the committee members narrowed their focus to two items. First, a review of each governance district's bylaws, with a goal of working to make them more uniform when it comes to elections and filling of vacant seats. For many districts, any proposed changes will be reviewed and submitted during the next association year.

Second, the committee considered submission of proposed amendments to Bylaws to be voted on during the 2018 Delegate Assembly. These amendments would extend voting rights on the NSEA Board of Directors to Education Support Professionals, the Higher Education Academy, NSEA-Retired and Student Education Association of Nebraska members.

Thank you to all members who served on the committee and the 2017 delegates for their feedback last year.
