

## **Report of the Elections Committee**

**By Jenni Benson, Lincoln Education Association, NSEA President**

The NSEA Elections Committee was formed by action of the NSEA Board of Directors to establish a timetable for governance district elections in 2019.

The timeline was established in September 2018 and was shared with district leadership. Leadership also worked with leadership across the state to encourage ethnic minority candidates to file for open offices.

The NSEA Board of Directors certified the results of the elections at their March 9, 2019, meeting and candidates were notified with the official results.
