

**Report of the NSEA-Retired Committee
Submitted by De Tonack**

NSEA-Retired Affiliate Annual Report: NSEA-Retired continues to reach out and support various Association groups and activities. Upon application, nineteen new NSEA members who were Aspiring Educator (AE) members the previous year each received a \$200 grant, serving as a rebate for their state dues. A session on classroom discipline was presented by NSEA-Retired President De Tonack at the AE fall conference. Educators Rising received a NSEA-Retired grant to help with prizes at their March conference. Call On Retired Educators (CORE) continues to encourage retired members to assist in various state association functions such as NSEA-U. Last spring several gatherings across the state acknowledged and thanked new retirees while offering an opportunity for retired educators to come together. Similar plans are being made for this spring and summer. NSEA-Retired supports the retirement seminars conducted by NSEA staff for both the Omaha and state plans throughout the year. NSEA-Retired continues to offer free fall and spring conferences and a February Governance Day.
