# LIABILITY PROGRAM

As a Student Member of NEA preparing for a career, you will be expected to undertake student teaching assignments and other required on-site classroom activities under the direction of a professional educator. You may encounter situations which could involve you in legal actions in which you might be held personally liable for damages. If one of your students files a lawsuit against you, arising from an occurrence while you are/were a college student in teaching or related activities in an educational unit required by his or her educational program, the NEA Educators Employment Liability (EEL) Program will provide you with insurance protection for the vast majority of lawsuits. The program also reimburses you for damage to personal property in assault-related incidents.

## What is the EEL Program and What Does It Cover?\*

The EEL Program is a professional liability insurance program which is provided by NEA as a benefit of membership. It is underwritten by Lexington Insurance Company in all states except Delaware. In Delaware, Chartis Specialty Insurance Company is the insurer. EEL is administered by York Insurance Services and provides the following coverage:

### A. Educator's Liability Benefit

- Legal expenses are paid for defending civil suits brought against you while you are/were a college student in teaching or related activities in an educational unit required by your educational program.
- Up to \$1,000,000† in damages assessed against you is paid as a result of such suits, other than civil rights suits.
- The policy provides up to \$300,000 for defense, settlements, or judgments and other supplementary payments for suits concerning Civil Rights.

### B. Attorney Fees for the Defense of Criminal Proceedings

- Reimbursement for attorney fees and other legal costs up to \$35,000 when you are charged with violating a criminal statute in the course of your employment as an educator, and you are exonerated from these charges.

### C. Bail Bond

Reimbursement up to \$1,000 of bail bond premium when you must post a bond as the result of an occurrence arising out of your employment as an educator. (The insurance company is not obligated to furnish the bond.)

### D. Assault-Related Personal Property Benefit

Payment of up to \$500 for damage to your personal property when caused by an assault upon you in the course of your employment. (Vehicles and school property are excluded.)

## Is the EEL Program limited to incidents that occur in school buildings or on school grounds?

The EEL Program provides coverage for educational employment activities on and off school grounds including, for example, school-sponsored athletic events, laboratory experiments, shop training, field trips in the U.S. and abroad, and after-school clubs. Educational employment activities are those duties that you perform pursuant to the expressed or implied terms of your employment for an educational unit.

## Does the EEL Program cover criminal cases?

Attorney fees and court costs up to a maximum of \$35,000 will be reimbursed when the costs are incurred in the defense of a criminal proceeding arising out of your educational employment activities. In most cases, you will be reimbursed only if the suit is dismissed or you are exonerated. If, however, the proceeding arises out of an incident involving the administration of corporal punishment, the program will provide reimbursement, regardless of the outcome.

## Does the EEL Program cover civil rights cases?

Defense settlements or judgments and court costs up to a maximum of \$300,000 will be provided when incurred in the defense of an action arising out of your educational employment activities and an alleged violation of another person's civil rights.

†Your state association may have purchased additional coverage. Check with your state association. \*Coverage under the EEL Program is not available in New York State.

## Excluded activities...

**Rendering, teaching, or supervising medical services—however, there are five exceptions to this exclusion:**

- First-aid and regular nursing services rendered by a school nurse, or rendered by a certified health aide under the supervision of a school nurse;
- Physical, occupational, or psychological therapy or treatment rendered by an appropriately licensed or certified practitioner;
- The administration of oral prescription medicine to a student at the express request of his or her supervisor or provided the Insured has received advanced written approval from the student's parents;
- Emergency first-aid services when a school nurse or other medically-trained person is not readily available;
- Health care services rendered by the member to students who are designated disabled under the Individuals with Disabilities in Education Act (IDEA) when rendering of such services is expressly required by the employer, provided the member has received advance written approval for rendering such services from the parent or guardian of the student.

**Operating vehicles.** (Note: driver training instructors are covered while riding as a passenger, and vocational education instructors are covered for their activities during school shop classes. In addition, coverage is provided for the loading and unloading of school buses.)

**Selling or distributing products, including food and beverages.** (Note: home economics teachers are covered for their classroom and laboratory teaching activities and for the sale of products prepared in the classroom. Cafeteria workers are covered for their food preparation and distribution.)

**Law enforcement activities, except for those of a security guard.**

**Using or supervising the use of firearms,** except where this activity involves the use of physical restraint in defending yourself or school property.
